

NEW **RIBBON** COLORS  
FOR **INSCRIPTA™** ARE  
NOW AVAILABLE!

Thermal transfer ribbons for the Inscripta Thermal CD Printer are now available in eight different colors! From bright, bold colors like Orange, Wine, Royal Blue, Shamrock Green and Red to more serious colors like Black, Brown and Forest Green, you'll now be able to print discs that make just the right statement about your recorded software, data, video or music.

All eight colors are manufactured using a new ink formulation that prints on a wide variety of media, including virtually all screen- and spin-coated discs. The ink is also highly scratch- and smudge-resistant so you don't have to worry about how discs are later handled.

Contact us today for more details or to place an order for any or all of the new Inscripta ribbon colors.

Request the following part numbers:

- 56101 Black
- 56104 Orange
- 56105 Red
- 56106 Wine (similar to Burgundy)
- 56107 Shamrock Green
- 56108 Forest Green
- 56109 Royal Blue
- 56112 Brown
