RICOH[®]

FULL COLOR SCAN

w i t h **d**

The new **RICOH® Aficio® IS330DC** Color Imaging Scanner delivers high quality, full-color digital images for those users working with demanding, color applications.

With its intelligent design and the latest in high-speed color scanning capabilities, the IS330DC will effortlessly distribute all your documents electronically.

Rated as the fastest color scanner in its class, this innovative product can greatly increase productivity while seamlessly connecting to your existing network.

Whether it's scanning color images for a Desktop Publishing project, or easily handling the B/W production requirements of Document Management applications, Ricoh's IS330DC scanner is never idle!

With its optional network interface card (NIC), the IS330DC can be shared by numerous users in a workgroup to achieve a digital "paperless" office solution.

User-Conscious Functions

Auto Document Size Detection

The length and width of the original are automatically detected and reflected on the PC screen. Ricoh is the first to offer this function for both the ADF and Book Mode Scanning.

50-Page ADF with Duplex Capability

The built-in 50-page ADF delivers unattended input productivity while uniquely providing duplex scanning. Paper is fed and turned through the ADF for scanning of two-sided originals.

Network Operations Panel (option)

A 20-character x 4-line Operations Panel is included for logical, easy to follow instructions and prompts when the scanner is connected to network environments.

Standard Interfaces

The IS330DC comes with SCSI-2 and SCSI-3 interface along with ISIS and TWAIN compliant software drivers.

High Speed/High Quality Scanning Enhances Productivity

Full Color and B/W Scanning

With simplex scanning speeds of 26 ppm in full-color and monochrome scan speeds of 38 ppm, this scanner rates "Best in Class".

Superior Imaging Quality

With true 600-dpi optical resolution and color depth of 36-bit input, this scanner guarantees crisp and clean images. Maximum output resolutions of 2400 dpi assure superior results.

Superior Paper Handling

The Ricoh IS330DC scanner reliably handles a wide range of paper sizes, from small documents like index cards to 11" x 17" ledger paper.

u p l e x c a p a b i l i t i e s

Easy To Use Design

Simple Operation

For scanning of delicate originals on the flatbed or multiple documents through the ADF, a convenient start key on the unit can be utilized.

Industry Standard Drivers

Ricoh's TWAIN and ISIS Drivers are easy to use and configure to any TWAIN-enabled or ISIS-certified imaging application. Both drivers operate under Windows® 95, 98, 2000, Me and NT4.0.

Space Saving Design

The Ricoh IS330DC Image Scanner intelligently integrates paper feeding and other operations for maximum flexibility, enabling convenient placement against a wall. All cables, cords and connectors are recessed so the ADF can be opened without having to relocate the scanner.

▶ Ricoh's space-saving design allows placement directly against a wall.

Broad Compatibility and Support

Selectable Interfaces

In addition to the standard SCSI 2 & 3 interfaces, Ricoh offers a Network Interface or IEEE1994 Interface, depending upon the work environment and requirements.

Software Solution Utilities

Ricoh's own ScanRouter software (bundled with Network option) allows network users to scan paper documents and deliver them electronically throughout the network.

The DeskTop Binder Lite program (bundled with mainframe) offers optimum flexibility in storing, viewing and retrieving all file types in one program. Imagine never having to open the application to view a document! Files created in multiple applications are accessible at the click of one button.

THE RICOH IS330DC SPECIFICATIONS

Flatbed Performance

| | |
|--------------------------|-----------------------------------|
| Type: | Desktop Color Flatbed Scanner |
| Configuration: | Flatbed with built-in ARDF |
| Document Size: | Up to 11" x 17" |
| Flatbed Scan Area | |
| Main Scanning: | Max. 11.7" |
| Sub Scanning: | Max. 17" |
| Optical Resolution: | 600 dpi |
| Output Resolutions: | 100 - 2400 dpi |
| Color Depth: | 36 bit |
| Interface: | SCSI 2 / SCSI 3 |
| Software Interfaces: | TWAIN and ISIS |
| Power Supply: | 120V/60Hz |
| Dimensions: | 23.2" (W) x 21.5" (D) x 10.4" (H) |
| Weight: | 61.7 lbs. |

Auto Document Feed (ADF) Performance

| | | | | | | |
|--------------------------------------|---|-----------|---------------------|--------------|----------------|----------------|
| Access to ADF: | Front loading | | | | | |
| Stack Volume: | 50 sheets (letter-size paper) | | | | | |
| Document Size | | | | | | |
| Main Scanning: | Min. 4.13", Max. 11.7" | | | | | |
| Sub Scanning: | Min. 5.04", Max. 78.7" (B/W), 24.8" (Color) | | | | | |
| Scanning Throughput: (Standalone) | <Simplex Mode Color> | | <Duplex Mode Color> | | | |
| | | Portrait | Landscape | Portrait | Landscape | |
| | LT/100 dpi | 21 ppm | 26 ppm | LT/100 dpi | 5 ppm/10 ipm | 5.5 ppm/11 ipm |
| | LT/150 dpi | 14 ppm | 18 ppm | LT/150 dpi | 4 ppm/8 ipm | 4.5 ppm/9 ipm |
| | LT/200 dpi | 11 ppm | 13 ppm | LT/200 dpi | 3 ppm/6 ipm | 3.5 ppm/7 ipm |
